

## **Facilitating Student Learning Through the Library** ***Administrators' Academy Course #1900***

**Administrators' Academy credit - 1 day workshop plus application assignment**  
**OR**  
**7 PDH - 1 day workshop**

**Audience:** Grade level: K-12 Superintendents, Assistant Superintendents, Principals, Assistant Principals, District and School Librarians, Technology leaders, Curriculum and Instruction leaders

This course will increase awareness of the impact that an effective library program can have on the school's culture of learning and will provide a practical framework for identifying specific strategies for school library improvement to support a district's mission and vision. Participants will use *Linking for Learning: The Illinois School Library Standards, 4th edition*, to complete a self-assessment of their leadership role and develop an action plan to impact student learning through the school library. This application component aligns with Illinois Professional School Leader Standard 1: Facilitating a Vision of Learning.
